

Not "How Much?"
but "how good?" is the question that every one should ask in buying candy.

The old saying that "a man is judged by the candy he gives" holds good today same as always. Buy the best—don't take the "just as good" kind.

THE BUILDING SPIRIT

About five years ago Ocala began to build again. Each year since has seen the number of buildings increase. The "panic" that came on last October stopped all work of this kind in most towns and cities, but not so with Ocala, though the building operations were affected more or less.

Of late, however, the building spirit in the Brick City is taking on new life and more of it is being done and will be done in the near future than at any time in the past fifteen years. The building and improving spirit is contagious, and one man seeing his neighbor building a cottage for rental purposes or making repairs and improvements about his place, is moved to do likewise, and this spirit is manifested just now in Ocala to such an extent that almost every person who has a vacant resident lot in a desirable location wants to build on it and we venture the assertion that this and next year will see a hundred dwelling houses built in Ocala.

Some of those who are preparing to build, to say nothing of the work already begun are Charles Rhoads, who will build another seven-room house on South Third street; Mrs. Sallie Croom, who will build two or three cottages on South Second street; Mr. J. W. Akin, a cottage on South Fifth street; Mr. B. H. Seymour, three cottages in the neighborhood of his home; Messrs. M. J. Davis and L. W. Duval, handsome homes on east Oklawaha avenue; Dr. J. W. Hood, a handsome residence on Fort King avenue, and there is the handsome new brick primary school building to cost \$10,000, for which the ground has just been broken.

COLE-LAIRD

Last evening at the home of Mrs. Laird, mother of the bride in the second ward, Mr. Harry Cole was united in marriage to Miss Clara May Laird, Rev. Albert Glover officiating. Only a few intimate friends were present.

The young couple did not go off on a wedding trip, but remained at the home of the bride, as Mr. Cole's duties as one of the faithful salesmen at the H. B. Masters Co. would not permit of his absence, but the latter part of next week the young couple will proceed to South Carolina to visit friends.

Both the contracting parties to this contract are worthy young people, have many friends in Ocala and who join with the Star in wishing them a long and happy married life.

The Globe store in its annual clearance sale is offering one of the best stocks of goods at the most reasonable prices that it has ever been the pleasure of the public to patronize. That our people know a good thing when they see it, is to see the crowds that have flocked to the Globe, secured the goods desired and left their money. Mr. Goldman is an up-to-date merchant, knows the needs of the people, appreciate their wants and supplies them at prices that are dime and dollar savers. Remember, the doors are plenty open and the shelves have a plenty of merchandise to supply your wants.

FOR RENT—Six-room house, good location. Apply to T. C. Thomsen, at Postoffice.

Next Sunday an eclipse of the sun will be held in this city the weather being favorable. To have been one of the features of the 4th of July celebration, but as Sunday is always so dull in Ocala, it was decided to have the eclipse on the Sunday preceding the celebration, as all preparations for it have already been made and there will be plenty of other things doing on the Fourth.

Captain Tucker has commenced work on his pretty cottage, fence and grounds in the Mayo sub-division. He will build a six-room house, with ample verandas and modern conveniences.

FOR RENT—Two or three neat, convenient houses with modern improvements. Apply to F. W. Ditto.

Mr. E. M. Howard is having sidewalks laid around the front and side of the Ocala Steam Laundry building.

If you want a pretty reading lamp to connect with your electric light current in the library or hall of your home, see Walter Tucker, the electrician, about it.

A practical and well posted republican leader of this city is of the opinion that his party is going to be worsted in this year's campaign.
